

## WORK BEING RUSHED ON HILL'S NEW CANADIAN SYSTEM

**\$25,000,000 Worth of Stock Will be Issued to Build the Line--Construction Being Pushed Vigorously**

St. Paul, Minn., May 29.—It is announced that the Great Northern will issue at once twenty-five millions of stock for the construction of the new Canadian road.

Winnipeg, May 29.—E. R. Sexton, a land man of North Dakota, who has been traveling over his state and western Manitoba during the past two weeks, is in the city and gave out information on the progress being made on the Hill line. Sexton says that the work is being rushed as fast as possible on the new Canadian line, gangs of men laboring night and day on the grading. There were three contractors working on the roadbed between Souris and Brandon, and the roadbed in

the opinion of Sexton will be the best ever constructed in Western Canada. The grades on the new road will be very slight, not over one per cent. Sexton says that work on the line is typical of the way Hill does things. A modern electric light plant has been installed for the night shift and hardly an hour out of the 24 hours of working days is not productive of progress. He says that the construction of the new bridge over the Souris river is well advanced and that the bridge will be a splendid one having a span of 200 feet. In the opinion of Sexton, the building of the Hill line into Western Canada will establish a record in railway construction.

### OCEAN VESSELS COLLIDED

Dublin, May 29.—The "Duke of Gordon" of Glasgow, which arrived here Saturday reports that she was in collision with the steamer "Carrick" of the Ayr Steamship Company of Glasgow in the Firth of Clyde, during a fog. The "Carrick" sank and her captain, cabin boy and four passengers were drowned. Two hundred head of cattle were lost. Two survivors of the "Carrick" jumped aboard the "Duke of Gordon", and fourteen others were picked up by the steamer "Maslin" of Liverpool. The work of rescuing those on board the "Carrick" was impeded by the cattle on the vessel stampeding.

### SEVENTEEN KILLED IN LOUISVILLE

Louisville, Ky., May 29.—Seventeen persons were killed and twelve injured in a wreck on the Louisville and Nashville in the yards about half a mile from the Union Depot here, today.

### CITY HALL SITE DEFEATED.

Calgary, May 29.—The referendum submitted to the people today resulted in the proposed Centre street site for the city hall being defeated by 121 votes. The by-laws for extending the waterworks system and the parks carried.

### ARRANGING PROVINCIAL AFFAIRS

Ottawa, May 29.—Premier Rutherford and Hon. W. H. Cushing are still here arranging some matters between the Province and the Dominion. There is some business in regard to irrigation which is being considered. Mr. Fletcher, representing the Alberta Farmers Association is here to give evidence in regard to grading wheat before the agricultural committee.

## WILL ERECT FINE BUILDING

Imperial Bank Will Build Up-to-Date Structure on Corner of McDougall and Jasper

Without doubt the Imperial Bank building, to be built at the corner of Jasper and McDougall street, for which the contract was finally let on Saturday, is to be one of the finest, if not the finest, in the city of Edmonton, or for that matter in all Alberta.

In one respect it inaugurates a new era in the history of building in Edmonton, as it is to be the first solid stone block in the city.

W. H. Gardner is the successful tenderer and the price stipulated in the contract is \$75,000 for the building complete.

The plans, as shown by Johnston & Barnes, the architects, call for a thoroughly magnificent building. It will be 50 by 90 feet, three stories with high basement, giving a total height above the sidewalk of 63 feet.

The building is to be built in the classic Greek style of architecture. The front elevation shows four large stone columns, the full height, supporting a portico the full width of the building, and 11 feet in depth. Thus the building is 11 feet back from, and the pillars flush with the street line.

Between the two central pillars is a flight of stone steps, 11 feet 6 wide, leading up to the main banking room, which is to be eight feet above the sidewalk level. Between the next two columns is the stairway to the basement offices. The main doorway and vestibule might be described as a work of art, done in quipped oak and rich heavy glass, with wrought iron design overhead. The windows everywhere are large with handsome casements and heavy stone sills and finishings.

Along the side elevation the same design of architecture is carried out. The building is flush with McDougall street and a large portico almost the full depth of the building is supported by four large stone pillars. The entrance to the second and third stories is at the north end, from McDougall street.

The basement is to be built of Tyn-dall limestone, rock faced, and from the ground floor up the building will be of Calgary sandstone.

While the new Imperial bank will present a handsome exterior appearance, it is the interior finishings that the architect expects his greatest triumph.

Entering by the main door the bank customer will come into a large banking room almost the full size of the building. Reverse to the usual rule, the counters, which are to be of oak or mahogany, are ranged around the wall while the public area is inside of a three-sided square, surrounded by tellers, accountants, savings banks, etc., and other windows. Six massive masonry pillars, in the Greek-Ionic style, support the floor with bronze, support the roof. The floor will be of rich Italian marble mosaic, and the ceiling and walls are a chaste white enriched with artistic panelling. The managers room occupies the corner to the left of the main entrance and is a cabinet in oak and mahogany. At the rear are the burglar and fire proof vaults, which are three stories, extending from the basement to the second floor. For convenience and luxuriantness there are few better designs in Canada.

In the basement there is a private office for the manager, a large counting room for the clerks, an office for the inspector, a public lobby, the vaults, furnace and all the appurtenances which usually go with such a building.

The second floor will be given up exclusively to offices, such as legal, financial, insurance, etc., and the third floor is to be fitted up as quarters for the bank staff with bedrooms, sitting room, billiard room, bath, etc.

In the four flats there will be a floor space of 15,000 feet.

Construction is to be commenced immediately the old building is moved off the ground and will be well along before the winter season sets in.

## MAY OPEN LAND FOR SETTLEMENT

Government Reported to Have Purchased Portion of Indian Reserve Near Ponoka

Ponoka, May 29.—It is understood the government has purchased twenty sections of Indian reserve land lying near Ponoka which will in all likelihood be thrown open for settlement, being sold by tender in quarter or half section lots with a reserve bid of ten dollars an acre, the price paid for the land. The parts reported bought lie along the C. & E. line and it is looked upon as one of the finest tracts of land in Alberta, and is sure to be largely sought after. Such a fine piece of land, which has hitherto been unoccupied will be of great benefit to the town.

Senator Miles, of Oakdale, Washington, has been on a visit to friends in this district for some time. Mr. Miles is a man of keen observation and made minute inquiries as to the market prices, and was surprised to learn that in almost all branches of farm produce better prices are being obtained here than in the States at the present time. He is to return in the course of a month or so and intends to settle some of his family in this district.

### BURROWS MAY RETIRE.

Grandview, May 29.—It is rumored here that T. A. Burrows, M. P. for Dauphin, will resign his seat in the Dominion Parliament.

### REPUBLICANS SWEEP FRANCE

Paris, May 29.—The second ballot for election to the chamber of deputies, augmented the victory of the Republican groups and carried route of the anti-republican groups. The former gained four seats and lost six, a gain of thirty five seats today as against May 6th. At the first ballot it had already gained 23 seats. The total gains therefore is 58 seats. Following as nearly as can be given the composition of the new chamber. It will contain 591 deputies of whom only 585 are known now as returns from some colonial elections have not been received. The majority contains 411 members and the opposition 174. In the former chamber the majority had only 351 members and the opposition 352. Fifty-eight seats have been lost by the opposition and won by the majority.

### BALL SCORES

Winnipeg, May 29.—Baseball—Winnipeg 1; Grand Forks 4; Houghton 1; Hancock 9; Lake Linden 9; Calumet 10; Fargo 3, Duluth 7.

### MINER KILLED

Greenwood, B.C., May 28.—C. A. Ingalls, aged 24, met instant death in Sunday Mine Sunday. Men were engaged in blasting and a heavy charge of dynamite failed to go off. They proceeded to investigate and a charge exploded killing Ingalls, who was bending over the charge. He was a native of Nova Scotia.

## BIG ELEVATOR STILL STANDING

Appears to Have Reached a Solid Resting Place

Fort William, May 29.—So far it has been impossible to ascertain from local grain men just how much grain, outside of that belonging to the Ogilvie Co. was in the elevator which slid into the Kaministiquia river Saturday night. Several of the leading shipping firms had grain stored in the building, but as yet do not know how much. The James Carruthers Co. had about 60,000 bushels of wheat and the Canadian Elevator Co. about 21,000 bushels of oats. The Ogilvie Co. is responsible for any loss and consequently the elevators are not worrying. During the past week or two the Ogilvie Company has taken delivery of a great amount of wheat under May contracts and this fact led the trade to believe that the Company is the owner of by far the greater part of the grain in store at the time of the accident.

Fort William, May 29.—The wrecked elevator remains in the same position. The engineer had an instrument on the building for several hours showing that there was no perceptible movement. The building appears to have settled on the ground foundation and the general impression is that it will remain there. A force of men is working from the land side, carrying the grain in sacks. The work is very slow. W. A. Black, western manager was on the scene early and personally supervised the work. He stated that the work of clearing the debris would be rushed and steps would be taken immediately to replace the wrecked building with a modern structure. The new seven story mill building will have its machinery installed in a month's time and it is probable that a temporary elevator will be erected to elevate the grain in order that the mill can be operated.

The steamer Phoenix, which was discharging a cargo of rails at the west Fort William dock and which moved down the river below the wreckage to avoid being blocked, has returned to finish unloading.

### WINNIPEG GRAIN PRICES.

Winnipeg, May 29.—No. 1 northern 81, No. 2 73-8, No. 3 76-1-4; No. 2 white coats, No. 3 barley 41-2, flax \$1.11.

### WANTS A COMMITTEE.

Ottawa, May 28.—Mr. Borden gave notice of an amendment asking for a committee of nine to enquire into the management of Dominion lands and to suggest amendments.

## NOTICE

Messrs Larue & Picard's Big Sale which has been on since the 2nd of April,

**Will close up on the 29th Day of May, 1906**

The balance of the stock will be offered to the city and country merchants until the 1st June.

**LARUE & PICARD**

## LAKE ERIE IS STORM SWEEP

Schooner Founders Outside Cleveland Breakwater

Cleveland, Ohio, May 29.—Masters of incoming vessels reported that the storm which has prevailed since Saturday is of unusual violence. The captain of the steamer Erin which arrived here reports the drowning of his second engineer, Penn Wilson, of Buffalo.

Cleveland, Ohio, May 29.—Buffeted by a fierce storm that swept Lake Erie, the schooner Mabel Wilson, sprung a leak and sank just outside the Cleveland breakwater. One sailor, whose name has not yet been learned, was drowned. Seven other members of the crew were rescued after a hard fight.

### AUSTRIAN CABINET RESIGNED.

Vienna, May 28.—Premier Prince Schillingen Feurst and the whole cabinet have resigned in consequence of dissatisfaction with the proposals for the settlement of the customs tariff of Austria-Hungary.

### MOCK PARLIAMENT OPENS

The mock Parliament, in connection with the Young Liberal Club will be formally opened this evening in the club rooms over W. Johnston Walker's store. The Lieutenant-Governor, Dr. Alex. Foran, will read his address from the throne, and the reply to the address will be moved by Geo. B. O'Connor, member for St. Albert, and seconded by C. A. Grant. The speaker of the mock parliament is Duncan Marshall and the leader of the Opposition is Geo. McLeod. There will be several speakers this evening in the debate on the speech from the throne.

### PRISONER ESCAPED.

Port Arthur, May 29.—Thomas Fallon, under sentence of three years in Kingston penitentiary for larceny, broke jail here this morning.

## DROWNED BY CLOUD BURST

Ten Sheep Shearers in Nevada Meet Sudden Death

Salt Lake City, May 28.—Ten Mexicans employed as sheep shearers near Golconda, Nevada, have been drowned in a cloud burst. The drowning is reported in a despatch at the headquarters of the Oregon Short Line. The cloud burst also washed out the Southern Pacific roadbed at Golconda.

### DEADLOCK IN RUSSIAN PARLIAMENT.

St. Petersburg, May 29.—Pessimism over the outlook continues. The Government as usual in every crisis seems to be hesitating as to which course to pursue. The Emperor refuses to yield to counsel but his attitude continues to be negative and not affirmative. He seems to cling to the idea that a compromise is possible. Several official notes have been issued denying that the Government intends to resort to force, but at the same time there is no evidence that the Emperor is ready to yield to the demands for suppression of the present ministry with one from a majority in the lower house of Parliament. The result is a virtual deadlock, the prolongation of which can only serve to diminish the chances of a peaceful settlement.

### CARMAN FOR PUBLIC OWNERSHIP.

Carman, May 28.—Voting took place today in Carman on two by-laws one for an appropriation to construct waterworks and sewerage being carried by 181 votes for and 15 against. The other by-law for municipal ownership of the electric light plant was carried by 186 votes for and 12 against.

### A TRIO SENTENCED.

Brandon, May 28.—McIntyre, Parriah and Duncan, three Russell men found guilty of theft of goods to the value of \$1000 last winter, were today sentenced by Judge Cumberland to a year each in jail at hard labor.

## THE PREMIER VISITS OTTAWA

Ottawa Newspaper Interviews Premier Rutherford on Provincial Matters

Ottawa Free Press: Hon. Alexander Cameron Rutherford, formerly a barrister of Ottawa, and now premier of Alberta, was a guest yesterday on the floor of the House of Commons. After coming through the first session of the new Legislature, Mr. Rutherford is in Eastern Canada to spend a month's vacation. He will remain a week at the capital and then go to Blenheim, Ont., where a brother resides.

Mr. Rutherford is a native of Carlton county. He was born at Osgoode fifty-four years ago and is one of the many Ontario men who have risen in public life in the West.

Speaking about the work of the Alberta Legislature, which closed its session May 9, Mr. Rutherford said the business was largely creating machinery for legislation which was formerly in the hands of federal authorities. A large number of new offices have been established.

"Outside of this," said the premier, "I think our railway taxation act is one of the most important enactments of the session. It will give us a revenue of \$150,000 a year to start with."

Premier Rutherford thinks railways have no right to go untaxed and is quite happy over the prospect of gathering in a considerable sum from them. As time goes on it will grow. There is now 800 miles in the province assessed at \$20,000 a mile. The C. P. R. and Canadian Northern are the lines affected. A question that may prove contentious is whether the C. P. R. main line may be taxed or only its branches. The new law, at all events, provides for collecting from all taxable railway property.

The other sources of revenue enumerated by the head of the government on the spur of the moment were licenses, price of school lands and great part of the Dominion subsidies.

"We passed many bills relating to the professions, and one, too, making way for a provincial university," added the premier, Mr. Rutherford, continuing, "and there were two important schools of secondary education in Alberta, but the time does not seem to be far off when a university may be within reach."

"O. yes, the problem as to the capital is all disposed of," said Mr. Rutherford. "We were 16 to 8 in favor of Edmonton. We intend to start spending \$140,000 on public buildings there before long."

The Opposition party in Alberta consists of only two members. He says they did not prove troublesome, and neither did his own big following, a situation which is sometimes dangerous to governments.

"A good leader can manage them all right," he remarked Mr. Rutherford, speaking of this phase of Alberta politics. Premier Rutherford expects to assemble the legislature in January for the next session and will try to have the legislature meet every year in that month.

The premier is accompanied by Hon. Mr. Fisher, speaker of the Legislature, who leaves in a few days to visit his brother in London, Ont. Mr. Fisher also was honored by a seat beside the first commiser.

THE JUBILEE SINGERS

Williams Original Dixie Jubilee Singers were greeted by a large house in the Thistle Theatre last evening. The only unpleasant item on the program was the long wait for it to begin.

The concert was announced for eight o'clock but the audience were left to admire the scenic beauty of the curtain for a round hour before the opening number. The delay was doubtless due to the counter attraction of the ball game early in the evening. There was nothing to complain of after the curtain went up. The concert was clean and thoroughly enjoyable. The program consisted of songs, trills, quartettes and choruses, and included a large number of immortal melodies which form the tribute of the negro race to music. The rendering was uniformly splendid and the difficulty of singing an old song so well as to deserve applause, was never once apparent.

The singers responded willingly to the numerous encores and for about two hours provided most entertaining music for a thoroughly appreciative audience. There was enough of the humorous to vary the program but not enough to detract from the real beauty of the concert, the melody and harmony of the negro voices.

Improving Business Premises

John I. Mills has just completed some improvements to his store which makes it a very handsome place of business. A fifty foot addition has been added, making the store 50x100 feet, and a handsome oak twenty-second hall bearing with wardrobe for exhibiting Twenty-ninth Century Clothing has been established. The whole store has been repainted, and re-papered and looks immensely improved in appearance.

TWO THOUSAND SCOTCH IMMIGRANTS

London, May 28.—Two thousand immigrants left Scotland last week for Canada.

## C. P. R. WAKES UP AND GETS BUSY

New Elevator will be Built in Vancouver to Handle Alberta Grain

A Vancouver dispatch says: James J. Hill's intention of completing a railroad from Vancouver to Winnipeg in order to get a share of the trade in the west, particularly as regards the moving of grain, has led the C. P. R. to get a hustle on with its plan, long postponed, for the establishment of an elevator on this coast.

Owing to the favorable terms offered by the company one Northwest company located at Paces Creek last fall. Now it is announced that a Calgary miller concerned has taken advantage of equally favorable conditions to take up a site on Burrard Inlet, which the C. P. R. specially set aside for an elevator.

It has been the policy of the transcontinental roads to discourage elevator enterprises on the coast because it is more to its advantage to carry wheat eastward where it gets a long haul. However, favorable officials always have known that this would come when competing lines would come in here with ideas concerning traffic in grain over the mountains to the coast. The railways see the time coming when immense quantities of wheat and flour will be shipped from coast points across the Pacific. The Canadian Pacific is already arranging to add to its fleet of steamers because of increased trans-Pacific trade.

The fast steamer Montague is now on its way from Hong Kong to act as an auxiliary to the Empress line. When this boat arrives the Canadian Pacific will have six big steamers engaged in the Vancouver-Orient run, and it intends to secure more before Mr. Hill can get really busy moving the products of the Canadian West to the coast.

When the Great Northern plans are fully carried out it will have two lines into the west and in fact will have the richest part of British Columbia and a vast productive portion of Alberta within what may be called a belt line.

The Vancouver, Victoria and Eastern Railway, with extensions as contemplated to Fernie and the Crow's Nest region, will form the southern part of the belt line. A road north through Southern Alberta to the Calgary region and so on to Edmonton in the north will be the north line.

A branch of the Vancouver, Westminster and Yukon Railway running west from Edmonton through the Rockies and Northern British Columbia and then turning southwest through Cariboo, B.C. and Pemberton meadows to this city will complete Hill's scheme of putting the province within a steel belt.

DIED.

Nixon.—At the home of his daughter, Mrs. C. N. VanArsdale, 79 First street, Mr. Samuel Nixon, aged 85 years, 4 months and 15 days. Deceased was born in County Cavan, Ireland, on January 19th, 1821. His last illness was of the heart, and he died at 11:15 a.m. on May 28th, 1906. He was a member of the Methodist church, and was a devoted husband and father. He is survived by his wife, Mrs. Nixon, and his daughter, Mrs. VanArsdale.

**IMPORTED MEN  
LOST THE GAME**

Wetaskiwin Wins First Ball Controversy By Three to Two - A Pitchers Battle

A couple of child wonders imported from somewhere in the red pump belt lost Billy Garretson's aggregation the game to Wetaskiwin last night by a score of 3 to 2. It was a pretty game and it is deplorable that two young cheshawkas should have been allowed to mar the capital team's chances.

The train was a little late, which was unfortunate, as the boys did not get onto the ground until after seven and the wind up was pulled off in the gloaming. However, it gave all the boys and girls a chance to get there on time, and they lined the rail to the number of about 600.

A grandstand and bleachers would be a slight improvement, especially the form for the lady patrons, who are apparently ardently fond of baseball, as Edmonton ladies are always fond of outdoor sports, but who look rather out of their sphere doing gymnastics along the rail.

Mayor May pitched the first ball, inaugurating the season, and as he stepped into the pitcher's box the fans cheered him loudly. When the mayor scored a strike—which he did nicely—the fans forgot all about the dignity due to the city's first magistrate and with the democracy of the diamond let out the old song of the old old game—"That's gettin' 'em, Charlie; pretty work; I guess that's poor; that's puttin' 'em over, old boy," etc.

The game started with one of the imported men, Glenning, behind the wilow, but he was a summer frost when it came to stopping Vining's sizzlers and was retired to save the game in the second innings. The other man, Berry, did not have the goods on him and was removed from the field also.

It was a pitchers' battle all through, Pitman and Vining both holding their opponents down to three hits, and in an errorless game there should have been no score. Wetaskiwin scored two in the second innings and Edmonton came back at them in the second half of the game with two more, tying the score, where it stood until the eighth, when Wetaskiwin broke the tie and blanked the Capitals. In the ninth, Wetaskiwin waived their right to bat, on account of darkness, and allowed the Capitals to come up, Pitman retiring them one, two, three, winning the game.

PLAY BY INNINGS.

First - Martin got first on Berry's error. Gouchee got first off Deaton's error. Murray struck out. Walcott hit to Deaton who doubled to third to second, retiring side.

Till thrown out at first. Deaton and Dobson fanned.

Second - Dahl struck out. Bennett and Murray both reached first on errors by Vining and Deaton and scored on passed balls. Stokes and Pitman fanned. Score 2-0.

(Glenning retires in second after letting two men in on passed balls Regan takes place.)

In the third Cronn batted and beat it out. Tait fanned. McGill hit double and centre fanned, letting Cronn in from first. Maloney fanned. Vining hit a sizzler to Pitman who let it go through and McGill reached third; Regan hit to first who made a bad error and McGill scored, letting Vining to third. Till walked and filled the bases. Deaton hit to third who threw him out at first, retiring the side. Score two.

Third - Martin went down, pitcher to is, Gouchee got first on error by Deaton, but in trying to steal second was natty cut off by Regan, who pelted it down to Deaton. Murray fanned, sending Wetaskiwin to the benches with nothing done.

Dobson flew out to centre. Cronn went down on a sissy one to first and Tait followed the precedent established by fanning again.

Fourth - Vining - Walcott went down short to first. Dahl hit safe. Barrett fanned. Murray exited the side from the green, pitcher to first.

McGill went down pitcher to first. Maloney followed, second to first and Vining flew to deep centre.

Fifth - Stokes hit to short, but was twenty minutes late. Pitman followed suit. Martin hit a hot one to short which Deaton handled neatly, but threw wild to first. In attempting to make third was thrown out by Dahl, putting them again to the bench.

Regan fanned. Till hit a sizzler to third and Stokes made the feature play of the evening, handling it nicely. Deaton fanned.

Sixth - Gouchee struck out. Murray fanned, but the decision was not concurred in by the Wetaskiwin faction in the bleachers. Walcott was the third victim to Vining's artful curves. Dobson fanned. Cronn hit to third, but got caught leading off first. Tait followed his unvarying rule and pounded the cone.

Seventh - Dahl went out on a warm baby which Vining fielded neatly. Barrett fanned. Murray hit to second and got first on Dobson's error, while Stokes got his tag on an error by Deaton. Murray stole third and Stokes got

his second on the play. Pitman flew to Tait, blasting the cherished hopes of Wetaskiwin once more.

McGill fanned after getting three quarters of a ticket. Maloney went out at first. Vining fanned.

Eighth - Martin got first on a little hit which Vining failed to field. Gouchee hit to third and Maloney made a wide throw to second, letting both in safe. Martin stole third and Gouchee reached second on the play. Murray hit to pitcher. Vining fanned and Martin scored. Vining recovered in time to put Murray down at first. Walcott flew to short, retiring the side. Score one.

Regan got transportation, to the joy of the fans, and stole second nicely, but in trying to steal third was counted out on the first bad decision of the game. Till fanned and Deaton popped.

Ninth - Edmonton keeps field. Dobson Cronn and Tait fanned in one, two, tries order.

**STRATHCONA NEWS**

Strathcona, May 28.—Rev. A. C. Baker of Okotoks, who has been several years in Bolivia, in mission work, will give an address in the Baptist church, Strathcona, on Wednesday evening, May 30.

The Sunday afternoon train from the south brought a large contingent of Gallians into town who passed on to the immigration hall here.

Mr. Eldridge and wife, late of British Columbia, have been at the Alberia here for about two weeks and have decided to settle in Alberta. They have purchased a farm of 160 acres about twelve miles from town from J. C. Coulson, and have gone out to settle thereon.

Judge Scott, of Edmonton, was a passenger on the south-bound morning train.

Medical Health Officer S. Archibald, M.D., was a passenger on the 4 p.m. C. & E. southbound train.

Mr. O. Bush, real estate, went south on the 4 p.m. C. & E. train.

Mr. Olson and his sister Miss N. Stokes, of Wetaskiwin, are visiting old friends in town.

There will be a meeting in Ross hall on Monday evening, May 28 at 8 p.m., of the public lawn tennis club, where business of importance will come up for discussion and settlement. A large attendance of members is requested.

D. L. Gremly, grocer, Whyte avenue east, has gone on a two weeks' business and pleasure tour to Spokane, where he has many friends and relatives.

P. Earle, of Alx, was in town today on business. He reports his wife convalescent in the general hospital. Edmonton, where she has successfully undergone a dangerous operation.

George Davis, late of the Pacific province, who has been in town and at the Alberia here for about three weeks, left this morning for Nelson, B.C. where he has large mining interests. Mr. Davis has faith in this part of Northern Alberta, and secured several desirable lots while here, and purposes holding them for enhanced prices.

Mr. W. A. Brock was at the capital today on business.

Judge J. G. Tipton, Dominion immigration agent at Chicago, has arrived in town with another contingent of American homeseekers. His party left Chicago on May 28, and have been on the way since. Several of his party being favorably impressed with the country between here and Calgary, left the train at various points, while some had friends to wait on the way up. The Judge looks well and has all the vim and energy yet notwithstanding the worry and work in connection with this itinerant way of living.

Several changes have recently taken place in the C. P. R. office staff here. Chief Station Agent Thom has gone to Maple Creek, while relieving agent L. H. Walker is still in charge here. Telegraph Operator McKinnon has gone to Calgary, and has been replaced by Mr. McKee.

Town Electrician Thos. E. Powers and J. E. Green, of the Massey-Harris Co. here, purpose to start a general repair shop for machinery. In the course of a few weeks. They also intend to handle different kinds of machinery and to install an up-to-date plant for repairing machinery. The new firm will be known as Green, Powers & Co., Strathcona, Alta.

Minerva Emily Harris, daughter of Policeman Harris, died on Saturday. Funeral from her father's residence, Whyte avenue, Monday at 10 a.m.

Mrs. Calder died Saturday afternoon. Funeral from the family residence on Tuesday at 2 p.m. to Strathcona cemetery. Funeral arrangements under the management of Undertaker Wainright.

## AN UNNECESSARY ASSURANCE

City Commissioner Kinnaird asserts, what had never been denied, that the concluding clause in the Machine Telephone Co. does not give that company the exclusive privilege of connecting a long distance system with the city system. But the clause does give the company power to make such connection whether the city wishes the connection or not and does so under pressure of no obligation and in return for no favor or concession. The clause was added simply to assure the company that the city would not grant exclusive connection to a Bell system. The likelihood of the city doing anything so far removed from sanity as to remove that the Machine Telephone Co. might well have been permitted to rely on the business judgment of city council present and future. If the Lorimer system proves efficient the company need have no fear of being discriminated against and if it proves otherwise the city should be at liberty to discriminate against them. That the machine company require a concession which precludes this liberty is not reassuring as to their confidence in the efficiency of their system and is another splendid reason why the city should refuse to sacrifice this liberty.

## TO RESTRICT WESTERN DEVELOPMENT

Mall and Empire: Mr. J. J. Hill would have us all think contentedly instead of imperialism. He wants us to pay less attention to the boundary line and more attention to the railway lines, especially those in the Great Northern system. There should be no such thing as a protective tariff, he says, between two neighbors like Canada and the United States. It is true, if the tariff were out of the way the outward movement of our grain through Hill channels would be greatly facilitated. He could then make Minneapolis the grinder of our wheat, as he hopes to make Duluth the outlet for it at the head of navigation.

This is the latest phase in the doctrine of western restriction—that Canadian wheat must be sold only to Canadian millers, quite regardless of whether or not the millers want the wheat or whether or not they can grind it or of what they may be prepared to pay for it. The Conservatives have been accused of having no western policy. The charge must be withdrawn at least so far as the chief Conservative organ is concerned. The Mail and Empire has found itself; it reveres the doctrine that Canadian railways and Canadian industries should best themselves to secure the business of the west and holds that the business of the west should be allowed to expand only on condition that the fruits of the increase be guaranteed exclusively to the Canadian enterprises. The Hill system must be excluded lest it should provide a cheaper transportation route than the shorter lines across Canadian territory and the American tariff against Canadian wheat must be maintained lest the exportation of the wheat may mean loss to the Canadian millers. Should President Roosevelt fail to see the point in this argument and remove the embargo the Mail and Empire may be expected to advocate the imposition of an export tariff to prevent the western farmer sending his wheat out of the country. Such is the only logical conclusion of the argument that it is of less consequence that the western farmer secure a fair price for his grain than that the haulage and grinding of this grain be reserved to the Canadian railways and millers quite regardless of whether they may be prepared to handle the grain and of the toll they may exact for handling it.

## WHO'S WHO?

The refusal of the Secretary-Treasurer to pay the workmen employed by the city engineer brings the city council face to face with the anomalous system of management in vogue in the public works department. That the Secretary-Treasurer made such refusal does not imply that either he or any other commissioner was governed by any personal or unworthy motive or acted on any other ground than a doubt of the authority of the city engineer to re-engage and add to the staff under his control. But the existence of such doubt in itself establishes a condition of affairs which may seriously retard the carrying on of public work and should therefore be terminated forthwith. The immediate incident might be got around by authorizing or refusing to authorize the city engineer to engage the men necessary to carry on the work he is instructed to have performed. But the incident is only an illustration of the weakness of the system and one of a large number of instances which are likely to occur during the year. Broadly speaking, it is up to the council to determine whether the Public Works Commissioner or the City Engineer is the head of the public works department. And whoever is the choice should be clothed with the unquestioned authority and saddled with the direct responsibility for the work.

## REGARDING SECRET SESSIONS

Edmonton is apparently not the only Canadian city in which the press has been forced to wage war against secret sessions of city commissioners and committees of the city council. The Toronto Globe, in a recent issue, hands out the following very sensible remarks on the subject which might well be pondered by city officials generally:

"Whatever may be urged in favor of secret sessions of the board of control, no good reason can possibly be given why they should be as frequent as they have been of late. Why, for example, should the estimates be considered in camera? Of all the matters which come before public bodies, the last that should be hidden from the public gaze are the decisions as to what should be done with the people's taxes."

"The battle for open committee meetings was fought and won long ago. It is true that exceptions have been made in the case of certain matters, such as legal claims made against the city. Even in such cases, the effectiveness of secret meetings, that is meetings from which the representatives of the press are excluded, may be doubted. No newspaper man will report what would be to the city's detriment and as to keeping the knowledge of what transpires from the public, we will be rash enough to say that as things are there is always some good friend of the city present to tell him all that is worth knowing."

"At all events, whatever may be said of the necessity of secrecy in cases of that sort, there is not one word to be said in favor of excluding the press when such a purely public subject as the estimates is up for discussion. When a secret meeting is deemed imperative the press representatives should be told what the matter to be considered is, and it should be against the rules to take up any other subject. The press representatives would be justified in refusing to leave the room at times when the only object is the doing of something in the dark which the board lacks courage to do in the daylight. The representatives of the press are the eyes and ears of the public in the city hall, and neither the one nor the other should be closed at the will of those who do not care to have eyes or ears fixed on their movements and sayings. We would not permit a legislature or a Parliament to discuss the estimates in secret session much less will we permit a committee of council to do so."

"It must be said that the board of control has distinctly suffered during this year. The citizens were beginning to look upon it as a bulwark of the civic constitution. They find now that they have been defended against it by the council. There is nothing like publicity to keep an institution sweet and clean. There may be small disadvantages in publicity, but its advantages outweigh these so immensely that it must be maintained at all costs, and the newspapers of Toronto will not be true to their obligations to the public if they do not respectfully but firmly insist upon all meetings of the council or its committees being open to their representatives."

## A BLAZE ON McDUGALL

A stable belonging to the Burns Company, situated on the lane back of the shop, and a few feet from McDougall, caught fire at 12 o'clock last night and gave the brigade a lively 15 minutes. The fire was in the loft which was filled with hay and made a brilliant blaze. Two streams were turned on and the blaze quickly controlled. The damage is slight. The origin of the fire is a mystery.

## McKENZIE-McINTYRE

A quiet wedding was celebrated at four o'clock yesterday afternoon at the home of James McIntyre, McAuley street, when his oldest daughter, Miss Clara E. McIntyre, was united in marriage to Wm. McKenzie, a merchant at Vegreville. Rev. A. S. Tait performed the ceremony. The bridesmaid was Miss Josephine McIntyre, sister of the bride, and Percy Abbott supported the groom. A wedding supper was partaken of after the ceremony, and Mr. and Mrs. McKenzie left on their evening train for Vegreville, where they will reside.

The "Semi-ready" franchise in a town is as valuable as a public utility franchise. It gives the monopoly of merit in men's clothes.

Only one dealer in a town can sell the real "Semi-ready."

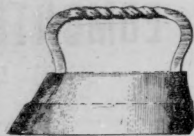

Dealers who did not get the franchise for the prosperous towns are sorry, though they declined it seven years ago on the ground that the profit fixed by the makers was a small one. They argued they could make bigger profits selling ordinary ready-mades.

The real profit in Semi-ready tailoring is the many sales made and the ease with which goods can be sold when the maker gives the guarantee bond found in every pocket of every Semi-ready garment. New customers of Semi-ready are regular patrons.

Overcoats for Spring at \$15 with just as good style and material as you usually pay \$25 for.

Lifelong Soap—Bainfocin—is strongly  
recommended by the medical profession as  
a safeguard against infectious disease.

**ALBERTA CROPS GROWING WELL.**  
Cagley, May 28.—The C. P. R. report for the week ending May 22nd was very favorable. From every quarter come the good news of heavy rains, which have had the desired results.

In brief the report is as follows—  
Crossfield—Fall wheat doing well.  
Carleton—Good growing weather.  
Didsbury—All crops coming along fast.

Olds—Seeding completed. Fall wheat up about four inches. All grain in most healthy condition.

Bowles—Good grain conditions. Outlook favorable.

Irish—Good growth. Prospects favorable.

Fenhold—Wheat looking well.

Red Deer—Crops looking well.

Blackfalds—Five per cent increase over last year.

Lacombe—Seeding completed, growing nicely.

Fondou—Seeding nearly all done. Outlook favorable.

Wetaskiwin—Increase of 75 per cent over last year.

Leduc—Crop off to a good start.

Strathcona—Grain looking fine.

Canmore—Average height of grain, three inches.

Bawlf—Farmers confident of good crops.

Daysland—Increase in average over last year. Seeding completed.

Alta—Crops all in, prospects are excellent.

Stettler—Seeding all finished with exception of flax.

Okotoks—Grain growing splendidly.

High River—Fall wheat two inches high. Spring grain doing well.

Nanton—All seeding finished with exception of barley and flax.

Slavey—Seeding completed, good crops assured.

Clareholme—Crops in good shape. Outlook favorable.

Leaving—Fall wheat coming up well. Spring wheat looking exceptionally well.

Taber—Spring wheat up about four inches. All the grain crops are looking well.

Macedo—Crops in excellent condition.

Cowley—Rain helped the crops very greatly.

Pincher—Good crops assured by recent rains.

**GLANDERS IN HORSES.**

Dr. John G. Rutherford, chief veterinary surgeon of Canada, appeared on Thursday before the select standing committee on colonization and agriculture and gave evidence. He spoke principally on glanders in horses, but touched also upon diseases in other animals, showing how infectious and contagious the disease is even to human beings.

In opening Dr. Rutherford read a report showing that since he had become chief of the veterinary department there had been many improvements made, all for the good of the farmer and his live stock. Quarantine stations had been established at the different points where the horses and cattle are principally exported or imported and these the inspectors are at regularly as well as being at the smaller places.

Dr. Rutherford followed with his evidence. It was of an important nature, and was attentively listened to by the members of the committee. He explained that up till 1902 the provincial governments had control of veterinary matters, but with the exception of Manitoba this control was taken over by the Dominion Government, since conditions have improved greatly, although Dr. Rutherford said they are not nearly what they ought to be yet.

Speaking of the spread of the disease, Dr. Rutherford emphasized most strongly that it was not only infectious but contagious, and cited examples of where horses affected with glanders had been the means of imparting the disease to men who attended them and who died in great agony within three days after.

Sometimes, Dr. Rutherford said, the owner of a horse is unable to detect the symptoms of disease. In cases of this kind the animal may be afflicted with it for a long time before the disease becomes noticeable. The only way of discovering traces of it is by the mallein test, but only veterinary surgeons should do this. If the horse is affected this test will cause his temperature to rise as high as 106. This mallein is injected into the animal, forty drops being given. If infected the diseased parts will show signs of swelling, and the horse should then be shot. Where a number are stabled together the test should be used on all, and those which appear to have contracted the disease slaughtered. The stable should receive a thorough cleaning with lime water.

One of the worst evils in connection with the spread of glanders is the importation into the Northwest of scrub horses and cattle from the States and Mexico. These animals, especially the latter, come mostly from the vicinity of highly infected districts, and help extensively in spreading the disease. Farmers and stock breeders of every class should be mindful of the regulations governing glanders which provide measures to stamp out the disease. Where a farmer thinks that a horse has glanders he should at once notify a veterinary and have the animal examined. It may mean that this and other horses on the farm will have to be slaughtered, but while it appears a loss at first it will in the end prove a gain, as it will help to eradicate the disease, which is still very prevalent. The Dominion government gives a part return for the monetary loss which the shooting of the horse involves.

**ONTARIO FRUIT CROP WILL BE LARGE.**

Toronto, May 28.—The following information concerning the conditions of agriculture in the province has been issued by the Ontario department of agriculture.

Fall wheat—The general situation is described as being better than was expected although reports vary greatly in describing the conditions of the fields.

Winter rye—The acreage of this crop is comparatively small. It was looking well as correspondents wrote.

Clover—Notwithstanding the many complaints of poor fields there are nearly as many favorable accounts of a splendid showing. In fact the two winter crops of clover and fall wheat never have called forth more varied reports as to prospects, correspondents in the same localities widely differing as to the condition of both.

Vegetables—When correspondents wrote about the middle of May, field and forest growth was considered to be fully a week behind.

Fruit—A large fruit crop may be looked for.

Spring seeding—Except in the more eastern counties along the St. Lawrence, was well advanced and in many cases completed by the middle of May. The seed bed was generally in good condition.

**PORT SASKATCHEWAN NEWS.**

Port Saskatchewan, May 28.—Mayor May, of Edmonton, with three friends, paid the Port a short visit yesterday.

The drilling officers of the Canadian Mounted Rifles have arrived and will begin drilling the officers of "C" Squadron on Tuesday, May 29th. The drill is only for the officers, but as many privates as are willing to drill will be instructed with their superiors. The following are the officers:

Major—Dr. P. Aylen.  
Captain—H. E. Daniel.  
Lieut.—W. L. Wilkins, B. C. d'Easum, A. T. Chambers, L. J. Whitaker, Chaplain—Rev. d'Easum.

Vet. Officer—R. G. Berry.  
S. S. M.—Montgomery.  
Q. M. S.—Sera.

Sergts.—Pierce, Graham, Dickson, Armstrong.  
F. S.—Biggs.

Corporals—Simons, Sutherland, Carcadden, Hughes, Dutoit, Radford, Trumpeter—J. J. Hogan.

The funeral of John Hanson, son of Swan Hanson, stage driver between here and Vegreville, took place Saturday last. John Hanson was drowned

on May 14th when out hunting ducks. It is supposed that he shot a duck in a slough, then undressed and waded in to get his duck but got stuck in a mud hole and could not get out. His clothes were found the next day and the lake dragged to no purpose. On Thursday, 25th, his body was found floating in the lake and brought to the Port. Rev. Alex. Forbes held the funeral service.

**ANOTHER OCEAN YACHT RACE.**  
New York, May 24.—Bermuda is one of the most isolated spots in the earth's oceans and towards this cluster of tiny islands four little yachts will start to-morrow at three o'clock in the afternoon. There will be no possible chance of dropping in at some convenient port on the way to repair damages if there should be any. When the Jersey Highlands settle into the sea the next land that will rise into the vision of the racers will be the coral isles of the Bermudas.

The race for small boats around Nantucket Shoals lighthouse last summer was a fine, vigorous bit of sport, and the rips and bars that circle the south Shoal are nightmares that the average yachtsman would rather dream than court, as did the harbor of New York in the afternoon. On that occasion though, had a small or bowsprit carried away there was Newport or the Vineyard under the lee to run for.

But the Bermuda race is an entirely different sort of affair from coasting. The nearest point of the mainland is Cape Hatteras, and that is 570 miles away, with the Gulf Stream between, the abode of water spouts and squalls; while from New York the nearest point of the Bermudas lies distant 600 miles, in round numbers, bearing about southeast.

## A BUDGET OF WESTERN NEWS

**CONDEMNED ST. ALBERT BILL.**  
Nanton News: The News has only had one opportunity to converse with A. J. Robertson, M.P.P., since the legislative session. The leader of his Majesty's loyal opposition had no very severe criticism to make concerning the majority. Most of the legislation he said, was good, although two or three bills were grating. In this connection he mentioned the St. Albert bill and the Red Deer bill, and gave reasons for opposing them. He thinks it would be possible to strengthen the Government even without calling in Conservatives; but did not designate for publication whom he considers the weaker members of the cabinet. But Mr. Robertson concedes to his political opponents in the House an honest wish to advance the welfare of the province.

## LARGE WATER WORKS EXTENSION

Regina Leader: Wednesday's adjourned meeting of the city council was principally occupied with the consideration of certain by-laws which were introduced for the first time. The chief of these was a money by-law for the raising of \$170,000 for the extension of the city's water and sewerage systems. The greater number of the clauses of the by-law were passed through committee of the whole, but the final passing of the by-law is being pending the new city charter coming into force. The by-law, which will in due course be voted upon by the taxpayers, spreads the payment of the debt over a period of thirty years, the interest to be at a rate not exceeding 4 1/2 per cent.

## CAN DO WITHOUT IT

Saskatoon Capital: So far as Saskatoon is concerned, the city can do without the capital. No doubt the fact of the seat of government being located here would have added much to its prestige in the outside world, but because the government of the province will not be carried on here will not stop this city from becoming the greatest industrial and commercial centre in all Saskatchewan.

## ALL BUT UNANIMOUS

Regina Standard: After an hour's discussion on the resolution brought down by Mr. Sutherland recommending Saskatoon as the proper location for the permanent capital of the province of Saskatchewan, the legislature at four p.m. Wednesday decided by a vote of 21 to two that Regina city shall remain the capital and in accordance with the engagement given by the premier, an order-in-council to that effect will probably be issued immediately. Messrs. Sutherland and Brown alone voted for Saskatoon, and the latter indicated that he only did so as a recorder to the resolution.

## MINER BADLY INJURED

The Frank Paper: Thos. Steel, one of the fire bosses in the employ of the International company at Coleman and one of the best known miners in the Pass having worked in every camp in the district, was shockingly maimed for life in an accident which occurred in the mine last Thursday. One of the chutes collapsed and Steel went to blow it out with a stick of dynamite. He wore a naked lamp in his cap and while in the act of adjusting a detonation cap to the fuse, a spark or a drop of hot oil, it is supposed, dropped from the lamp into the box of caps he held open in his hand. Instantly the entire box of caps exploded and the unfortunate man was fearfully torn to pieces. He was immediately removed to the hospital where he was attended by Drs. Westwood and McKenzie. They found it necessary to amputate both hands, that the sight of one eye was destroyed while there is little hope of saving the other and that his body was terribly lacerated by countless pieces of the copper caps. At this time the victim of the accident is slightly improved but the hope that he will live cannot be said to be very encouraging. The United Mine Workers of which Mr. Steel is a member, is taking steps to raise a fund by subscription for the unfortunate man and his family.

## THE LAST POST

Victoria Colonist: We're going home, we're going home—Our ship is at the shore—A: you must pack your 'aversack. For we won't come back no more. Barrack Room Ballad.

A bugler stood on the incline at head steel, sounding "The Last Post." Standing on the road were khaki-clad soldiers with the blankets swung like handkerchiefs, nearly all carrying bundles; express wagons loaded with the families of those who came from the married quarters, were hauled slowly up the hill to where the last Imperial garrison in Canada was assembling to ride for the last time on the Equinall cars. They'll be calling them trams long before they see the fog of the Mersey. This was soon after 7 a.m. From the crest of the hill they saw the red brick village of barracks, cantonments, stores and other buildings with the roofs gleaming in the morning sun, and heard the last flares of the bugler who stood on the hill crest sounding "The Last Post." The garrison was bidding farewell to the most western outpost of the empire—and to three score comrades who remained to take service with Canada. The drum and fife band of the garrison occupied seats in the leading car, and citizens who were abroad heard the strains of "The Girl I Left Behind Me," and several popular and lively ditties, which culminated in the journey to the James Bay Causeway where the Fifth Regiment band was waiting to play the soldiers to the dock, where the steamer Charmer, impressed as a troop ship was waiting. Citizens broke into a hearty cheer as the troops formed behind the militia band, and it was between an avenue of cheering people that the garrison marched to the dock to embark. The dock was crowded. Mayor Morley was there to represent the city, and the officers of the Fifth Regiment were present in uniform. Chief Langley and a guard of constables lined a way for the soldiers, who embarked at once, amidst loud cheering and martial music.

The Charmer's rail was soon crowded with soldiers in marching order, and their women and children, still holding their bundles, crowded in amongst those who packed the forward passenger deck and lined the rail from the stern to the after house, and they were jolly withal, waving handkerchiefs, shouting farewell messages of all sorts, and singing. A song began the Canadian Anthem. "The Maple Leaf Forever." Those ashore took up the strain, and the band was soon playing accompaniment. Soldiers leaned over the rail to have a final handshake with civilian friends, ladies waved farewell with their handkerchiefs—one stood tiptoe on the guard-rail while a fair mountaineer rested for a brief moment on the reddening cheek—and in the crowd on the wharf there was a tumult of cheering. The martial air of the band was partially drowned.

The whistle tooted at 8 a.m. The band was playing "Rolling Home to Merry England," and the soldiers took up the song. Already they had begun to roll home to merry England, 7,000 miles away. "Home, home—sweet home!" played the band, and with a heartiness that made it full throated the throng broke out with three hearty British cheers, which were answered with a hearty cheer from the steamer's deck as the distance between wharf and steamer became wider. The vessel swung, and as she turned her prow outward the band played, "Auld Lang Syne," and while the departing troops were carried out of earshot, "God Save the King."

## JUDGE NOT BY APPEARANCES.

THIS advertisement looks the same in a newspaper of one thousand circulation as it does in a paper of fifty thousand. You who read this paper probably do not know its circulation.

But we, before we buy space in it, want to know, first of all, how many people read it. Because, it is worth fifty times as much to us to have fifty people read this "ad" as to have one.

Now the hidden things in shoes are as important to you as the hidden circulation of a newspaper is to us.

You should look under the polished finish of the shoe for its real merit.

Or, you should have the responsible guarantee of the Factory that made them, as to the actual value there is in them.

No retailer, however honest, can tell what kind of leather is hidden under the finish of the sole or upper.

Nor can he tell how far the expensive workmanship has been slighted, for "economy" sake, in the vital but unseen parts of the shoe.

The Makers alone know what service, comfort and shape retention there is in every pair, and they alone can be held responsible for results.

The only shoes in Canada which are price-controlled by the Makers are "The Slater Shoes."

Stamped on the lining, inside the boot top, will be found the Slater's trade mark with the Makers' retail valuation \$4.00 or \$5.00.

MR. SEMERAD'S PLATFORM  
Civic Election, 1st June, 1906.

The Ratepayers of  
the City of Edmonton:

Gentlemen—

Having been requested by a large body of my fellow citizens to offer myself as a candidate for the vacancy on the civic council I have been placed in nomination.

In asking your vote and interest, I feel that my long residence in the city and the varied commercial and other interests I have enable me to fairly gauge the necessities of the situation at the present time, and also justify me in submitting myself as one who will always use whatever capacity I possess entirely for the public welfare.

I do not put forth any brilliant promises, but I do pledge myself to advocate only those matters which commend themselves to my mind (after the most careful investigation on my part) as likely to prove of benefit to the largest number of the community, and the increased prosperity and reputation of this the capital of Alberta.

I am in favor broadly of a street railway—we need it. I am in favor of placing the city in the best possible state of efficiency as regards its fire protection.

I believe that it is the truest policy, for every citizen, to promote railway extension, and I feel strongly that any step which the city authorities take in this direction, will receive the cordial support of the electors.

The future prominence of this city very largely lies in the hands of the civic authorities at the present time. The numerous meetings held prove that the office of alderman is no sinecure, but if I have the honor to be elected I shall feel it my duty to sacrifice my own leisure and bestow whatever time is required for the service of the public even to my own monetary loss.

I shall be afforded an opportunity before the day of election of setting forth my views in more detail; but whether successful or not, my best effort will be put forth to promote the advancement of the City of Edmonton at all times.

I have the honor to be, Gentlemen,  
Your obedient servant,  
G. V. SEMERAD.

Geo. Arnot, Selkirk.

**LARGE FORCE ON CITY WORK**  
Engineer Keeley has a large force on these days, improving and opening up new streets. Saturday's pay-roll called for 124 men. At the present time there is a brushing gang on the H. B. reserve north of the C. N. R. track brushing and clearing up the streets in the block from First street to Sixteenth street and from the track to Churchill avenue. The streets as far as Eighth have all been brushed already and the work should be completed in a couple of weeks.

On First street another gang is putting down cement sidewalk on the west side between the end of construction last year, and the C. N. R. track. This work is to be carried through to Churchill.

On McDougall street a large force is laying the foundation for a cement sidewalk on the west side, from Jasper to Isabella street.

On Jasper, the gap in front of the new merchants bank was filled in with cement walk last week and is now being given a few days to cure.

In the west end a crew is grading and boulevarding streets south of Jasper, in conformance with petitions adopted by the council recently.

On Government street and Ottawa street in the east end, grading and other local improvements are under way.

Besides these, there is the usual crew on maintenance, keeping Jasper and First in condition.

Considering that there is no large work under way at the present moment, the city's pay-roll is quite large.

### DISSOLUTION OF PARTNERSHIP.

The partnership heretofore existing between H. D. Johnson and R. P. Barnes under the name of Johnson & Barnes, as architects, has been dissolved by mutual consent. The books of the firm have been placed in the hands of Mr. G. P. Blythe, chartered accountant, who will collect all accounts and pay all debts of the firm.

May 25, 1906.

Witness:

(Signed) N. D. BECK.

### NOTICE TO CONTRACTORS

Tenders for Steel Rails and Fastenings and Railway Ties.

SEALED TENDERS addressed to the undersigned, marked on the envelope "Tender for Railway Ties," "Tender for Splice Bars," "Tender for Bolts and Nuts," "Tender for Spikes" and "Tender for Nutlocks" respectively, will be received at the office of the Commissioners of the Transcontinental Railway as Ottawa until twelve o'clock noon of the 31st day of June, 1906, for sixty-five thousand (65,000) gross tons of eighty pound (80 lb.) steel rails (open hearth or Bessemer, at the option of the Commissioners) and the necessary fastenings; and for one million, five hundred and forty-five thousand (1,545,000) railway ties; in strict accordance with the specifications of the Commissioners.

Tenders must be made on the forms supplied by the Commissioners, which, as well as the specifications, may be obtained on application to Hugh D. Lumsden, Chief Engineer, Ottawa, Ont., or A. E. Doucet, District Engineer, Quebec, P. Q., or to A. E. Hodgins, District Engineer, Kenora, Ont.

Full information in regard to deliveries, quantities for which tenders will be received, and also as to the other conditions on which tenders are made, is given on form of tender. A sample of the nutlock tendered on must accompany each tender for nutlocks.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada payable to the Commissioners of the Transcontinental Railway for a sum equal to ten per cent (10 per cent) of the amount of the tender.

Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order, P. E. RYAN, Secretary.

The Commissioners of the Transcontinental Railway.

Dated at Ottawa, 29th May, 1906.

**FAIRFAX**—Solves the problem of a smart yet most comfortable stand-up collar for business wear—no don't-always-want-a-fold (can't-down) collar daylines.

### LOCAL

In order to reach the News or Editorial rooms of the Bulletin, ring up Phone No. 450

—The board of Trade is issuing a handsome new souvenir of Edmonton.

—The city council meets this evening.

—The firm of Johnston and Barnes, architects, have dissolved partnership.

—Tenders are being asked for the erection of a public school at Bon Accord.

—The board of trade will hold its monthly meeting this afternoon at 3.30 in the council chamber.

—The board of directors of the Y. M. C. A. will meet at Dr. Smith's this evening.

—R. Hockley, Grand Chancellor of the Knights of Pythias, established a lodge at Vegreville last week.

—G. S. Armstrong, of Owen Sound, will open a drug store on Nayamo ave. corner of Boyle.

—Mr. and Mrs. C. N. VanArsdale wish to express their heartfelt thanks to the many friends who so kindly assisted them in their late bereavement.

—Archibald Archand, son of A. Archand, of St. Albert, died on Saturday at St. Albert, aged 22 years. The burial took place yesterday.

—Government Engineer McMillan and party will leave to-day for Lac La Biche to inspect the township work of contractors.

—Mr. and Mrs. A. Archand, of St. Albert, wish to express their thanks for the kindness of their neighbors in their recent bereavement.

—Work on the Caple Hotel on Second street is progressing rapidly. The brick work is about completed, and the inside work, plumbing, etc., was commenced this week.

—The Northern Alberta Medical Association meets in the commissioners' room, at the city hall, at 8.30 this evening, to discuss the isolation hospital.

—Dr. J. G. M. Sioane, formerly of Owen Sound, who recently arrived in Edmonton, has purchased a residence at 482 Nayamo avenue, and has opened up an office there.

—Mr. Vernon Barford's piano pupils will give their monthly recital to-morrow (Wednesday) evening instead of tonight, as previously arranged. The recital will commence at half past eight, in All Saints' school room.

—A very enjoyable social evening was given by the Young People's Society of First Presbyterian church last evening in the school room of the church. A delightful programme of songs and recitations was presented, and refreshments were served.

—The sacred concert and cantata "The Holy City" will be repeated this evening in McDougall church. The cantata will be sung by a chorus of fifty voices under the leadership of Jackson Hanby. A collection will be taken in aid of the public hospital.

—Rev. Stuart Beatt, who has charge of the Spruce Grove and Wintburn Presbyterian circuit, returned last week from the meeting of the Synod at Vancouver. His family have arrived from the east, and they have rented a house on the base line four miles from Wintburn.

—C. V. Semerad, of the St. Elmo, one of the candidates for municipal honor, addressed a largely attended meeting of Germans in east end last evening and spoke to them in their native language, outlining his municipal platform. This evening he will hold a meeting for Russians and will also address them in their native tongue.

—A union meeting of the Epworth League and Christian Endeavors of the city will be held in McDougall Methodist church tomorrow evening, when a lecture will be delivered by Rev. Dr. Crewes, general secretary of Epworth League and Sunday schools of the Methodist church. All young people of the city are invited to attend. It is expected that members of Strathcona societies will also attend.

—Nearly one hundred young people from the First Baptist church drove over to Strathcona last evening, where they were entertained by the Strathcona Baptist Society at a corn-bake on the south side of the hill near the river. A large bon-fire was built and the young people enjoyed themselves popping corn. A program of songs and recitations was given, and copies of the programme written on birch bark were distributed. Refreshments were also served. Candies were passed in miniature birch bark cones. It was a novel form of entertainment, and was thoroughly enjoyed.

### HUB CIGAR STORE SOLD

The Hub Cigar store, Jasper avenue, changed hands today, F. A. Brown and Frank Paul taking over the stock and business from John Paul, who lately bought the Palms.

### SOCIAL AND PERSONAL

D. L. Mackay, of Indian Head, is registered at the Alberta.

Hon. W. T. Finlay, Minister of Agriculture, came in yesterday and is registered at the Windsor.

D. J. Bergin came in from Lac Ste. Ann yesterday and is registered at the Queen's.

G. O. Hendrickson and H. Hindrickson, of Bittern Lake, are registered at the Imperial.

Mr. W. T. White of Toronto, general manager of the National Trust Co., arrived in the city last evening.

Wilfred Garlepp, barrister, left last night for Fort Saskatchewan to attend the sitting of the court there.

W. T. White, general manager of the National Trust Co., Toronto, is in the city, staying at the Alberta.

N. D. Beck, city solicitor, went to Fort Saskatchewan last night to attend the sittings of the Supreme Court, which opened there this morning.

### RECRUIT DRILL COMMENCED

Recruit drill for the recruits enrolling in "A" squadron of the C.M.R. was commenced last evening when Lieut. Griegbach's troop, which has now the full complement of non-coms and men, assembled at the curling rink which is being used as an armoury, and went through squad drill under instructions of Lieut. Griegbach. On Wednesday evening, the whole four troops of the squadron will assemble at the armoury for drill.

### FOOTBALL

At a general meeting of the Edmonton city football club held last evening at the Richelieu Hotel, it was unanimously decided by the large attendance of its supporters and players to join the Alberta Football League. The schedule of league games will be published shortly, and the first game will be played in about two weeks. The lovers of this sport are many, and from the material already out there is no doubt that if the boys get liberal encouragement and support, they will make a good showing for the championship of the province.

A friendly game will be played on Wednesday evening between Edmonton and Strathcona, at 7.15 on the baseball grounds, when a good opportunity will be given to see how the boys acquit themselves.

The following are those chosen for Wednesday evening's game: Goal, Marshall; backs, Mantle and Short; half backs, Curie, Korburn and Perry; forwards, Stevens, Morgan, Hornby, Sullivan and McLachlan. Spares, McDonald and Hood. Rooters, everybody.

### IN THE EARTHQUAKE BELT

Ernest Grierson, city market clerk, who has been away on a southern and eastern trip, returned last Saturday night by the Canadian Northern. Mr. Grierson and his family were in California at the time of the earthquake, but fortunately were in a part of the country not affected. On the day of the shake they were at Long Beach, the Los Angeles beach resort, and, contrary to the newspaper reports, no shock was felt there at all. Mr. Grierson saw nothing of the reported effects of the shake there. The report that the chamber of commerce building was injured was far from correct. Mr. Grierson was in the building himself, and saw them packing supplies for the 'Frisco sufferers only a few days after it was supposed to have suffered by the quake.

On the 24th, just a week after the wreck in San Francisco, they visited Oakland, but were not allowed to cross the bay. From Oakland Mr. Grierson and family went to Napanee, Ont., where Mrs. Grierson and the children will spend the summer.

## Your Vote For J. C. Calhoun as Alderman

Clean progressive city government, consistent with economy. Better fire protection and cheaper electric light.

### NOTICE

A special meeting of the Northern Alberta Medical Association will be held in the Commissioners' Room, City Hall, tonight at 8.30. Special business of importance relating to location of the new isolation hospital will come up, and all the members are requested to attend.

### COAL OIL

New discovery, partner wanted. Call at tent south of the C. N. R. station. Sign, Paradise & Outlet, Geologists. Business hours 7 to 10 every evening. Dy 124 pd.

## THE BIG STORE

BARGAIN SALE OF

## --SILK BLOUSES--

All lines selling at a great reduction. The sleeves of some of these are not made in the present style, but they can be easily altered, and the price we quote makes them a genuine bargain.

They are made of good quality silks, nicely finished and are selling at less than cost, as we are bound to clear them out at once.

## Come Early and Get First Choice

Another bargain in our carpet department. We are offering

25 per cent. reduction

off regular prices on all carpets, linoleums and oilcloths. Now is an opportune time to procure new floor-coverings at little cost.

See Centre Window for Cut Prices.
